INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Trustees of
Cure Dystonia Now, Inc.

We have reviewed the accompanying statement of assets and net assets - modified cash basis of Cure Dystonia Now, Inc. (a nonprofit organization) as of December 31, 2012, and the related statements of revenues, expenses and change in net assets - modified cash basis, functional expenses - modified cash basis and cash flows - modified cash basis for the period March 28, 2012 (Date of Incorporation) through December 31, 2012. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with the modified cash basis of accounting as described in Note 2.

CURE DYSTONIA NOW, INC.**Notes to Financial Statements****NOTE 1: ORGANIZATION AND NATURE OF OPERATIONS**

Cure Dystonia Now, Inc.'s (the "Organization") is exempt under section 501c(3) of the tax code. The Organization's mission is to promote and advance research for more and/or improved treatments for those afflicted with dystonia, and support efforts to cure the disorder. The Organization will also help support the needs and well-being of affected individuals and families. The Organization will team up with and support other dystonia charities, such as Tyler's Hope and the Dystonia Medical Research Organization in its efforts to advance research for more and/ or improved treatments and ultimately a cure.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESBasis of Accounting

The Organization's financial statements have been prepared on the modified cash basis of accounting. The basis differs from accounting principles generally accepted in the United States of America in that certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

Net Assets

The Organization classifies its net assets in the following three categories:

- Unrestricted – represents resources available for support of the Organization's operations over which the Board of Directors has discretionary control
- Temporarily Restricted – represents assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions
- Permanently Restricted – represents those resources subject to donor-imposed stipulations that they be maintained intact in perpetuity by the Organization. Currently, the Organization has no permanently restricted net assets

Cash and Cash Equivalents

The Organization considers all money market funds and highly liquid debt investments purchased with initial maturities of three months or less to be cash equivalents.

Functional Expenses

The costs of providing program and supporting services of the Organization have been summarized on a functional basis in the accompanying financial statements. Accordingly, certain costs have been allocated among the program and supporting services benefited.

CURE DYSTONIA NOW, INC.**Notes to Financial Statements****NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**Donated Goods

Donated goods are recognized in the financial statements if the goods enhance or create non-financial assets. Donated services are recognized in the financial statements if the services require specialized skills, provided by individuals possessing these skills and would typically need to be purchased if not provided by donation. The Organization records donated goods and services at their fair value. For the period ended December 31, 2012, the Organization did not receive donated goods and services.

Contributions

Contributions received, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give, such as those requiring matching funds, are recognized as revenue in the period when the conditions are substantially met. Revenue from earned income sources is recognized in the period when the services are delivered.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and disclosure of contingencies. Actual results may differ from those estimates.

Concentration of Credit Risks

The Organization maintains its cash balances at one bank. At December 31, 2012, accounts at each bank are insured by the Federal Deposit Insurance Corporation, ("FDIC") up to \$250,000. As of December 31, 2012, none of the Organizations' cash balances are above FDIC limits.

Income Taxes

The Organization has no uncertain tax positions as of December 31, 2012 in accordance with Accounting Standards Codification ("ASC") Topic 740, "Income Taxes," which provides standards for establishing and classifying any tax provisions for uncertain tax positions.

Subsequent Events

Management has evaluated, for potential recognition and disclosure, events subsequent to the date of the statement of assets and net assets through November 12, 2013, the date the financial statements were available to be issued.

NOTE 3: CONCENTRATIONS

53% of the total public support and revenues were provided by the founders of the Organization during the period ended December 31, 2012
